Areas Serviced

Our service covers all Auckland, including the greater Auckland area. Through Phoenix Lox, our sister company, we cover that part of Auckland from north of Orewa.

Trustworthy & Experienced

Any locksmith working at Alba is **security checked** through the police to give you peace of mind that we are trustworthy. Wayne is a member of the Master Locksmiths Association, which gives him access to excellent training on the latest products and security measures.

Locksmith Wayne started his career here in Auckland, but as the travel bug hit, he set off on his big OE. London was his first stop and he scored an excellent job that saw him dealing with the locks of some of London's most iconic landmarks and even going into the secret tunnels and passageways of the London Underground to do their lock work. After touring Europe Wayne moved to Edinburgh where, after a brief interlude working in logistics (removals!), he began work as a locksmith again. Here he worked for a small business where his work was varied and kept him very busy. Wayne's worked in schools, prisons, hospitals, hospices, homes, businesses, and more and thoroughly enjoys his work. Back in NZ for over six years now, he and Susie are here to stay and they're very excited about their business, Alba Locksmiths Ltd.

Customer Service

We very much value your custom and while we will always give you the best advice for your situation and budget what you decide to go for is your decision.

At times we may offer advice without you asking for it; don't worry, it's just because we want to ensure your property is secure. You don't have to go with it.

Although we cover a large area we generally do not charge extra for greater distances. There will be some occasions where the nature or timing of the job mean we need to charge the mileage, but we will always discuss this with you in advance of doing the job.

We look forward to hearing from you soon,

Wayne & Susie
